AP 4.3 closed, UKAPU will be reimbursed for shipping rate issue.

Social media

Impressions on Facebook up by about +1.6k from last month

Impressions on Instagram up by about +1.6k from last month

RH presented his ideas for social media posts relating to health and safety, along with myths. Those present agreed that it was a good foundation however there are some small tweaks to be made prior to publication.

Recruitment

RH has been discussing extensively with a potential Wales rep role. He will discuss this with AP (vice chair)

RH has also requested that there should be a cap on committee members that have a commercial interest.

This cap should be approximately 30%

If the cap is exceeded by means of a voting member of the committee leaving, then those members with commercial interests shall remain in post until the next AGM, where next steps will be decided. This specifically will be kept open ended.

AP: 5.1 DW to add this to the draft constitution.

General discussion about the committee

This has been discussed. In order to support a free discussion, DW proposed that this particular discussion point wouldn't be fully minuted, which was accepted by those present.

All other business

AP has asked for assistance at the stall, RH and DW suggested that we should post on FB.

The prize at NAF should be a pistol, but not AAP-01. About £150 for primary prize.

Next meeting: 7th of August
